

JOB ORIENTED

# Implant Training Programs

Bioinformatics the Backbone of BioTechnology & Life Sciences

Sai's BioSciences Research Institute Pvt. Ltd (SBRI), the first premier research institute to provide high caliber Research and Industry oriented training in Bioinformatics - *the need of the hour.*

## Collaborations

Research & Training collaboration with University of Medicine and Dentistry of New Jersey - School of Health Related Professions (UMDNJ-SHRP) USA.

- P.G.Dip. in Bioinformatics
- P.G.Dip. in Cheminformatics & Drug Designing
- Adv.Dip. in Image Processing & Analysis
- Adv.Dip. in Clinical Data Management

Bioinformatics training partnership with Accelrys Software Inc, USA.

## Joint Certification SBRI & Accelrys

Get Trained on Accelrys Softwares :  
AccelrysGene, Accelrys GCG, Seqweb, Discovery Studio, CHARMM, Accord for Excel add-ons, Lignadfit, ZDOCKpro, Catalyst, DS-Pharmacophore, Ligandfit, Topkat, TSAR.

Enhance Your carrier  
Opportunities

Gain proficiency in Accelrys Softwares / Freeware Tools to carryout your research works

New

## Specialized

## Implant Training Programs in Bioinformatics

Duration: 1 Month (Fast Track - 15 Days)

Accelrys / Freeware Tools

- \* Genetic Engineering and Transgenics
- \* Gene Therapy - SiRNA, Antisense..
- \* BioRemediation
- \* Enzyme Technology
- \* Immunoinformatics
- \* Ligand Library Generation
- \* Microarray Data Analysis
- \* BioStatistics
- \* Genomics
- \* Proteomics
- \* Molecular Modeling
- \* Metabolic Pathway Engineering
- \* Cheminformatics
- \* Drug Target Identification & Drug Designing
- \* BioProgramming
- \* Bioinformatics Tools & Softwares
- \* Bioinformatics

REAL TIME HANDS ON EXPERIENCE  
WITH PROJECT

## Program Highlights

- The first research & industry oriented curriculum
- Training covering in detail the steps, databases & tools used to carryout your research project
- State-of-Art facilities and comprehensive Library
- Dedicated Industry & Research experienced faculties
- Dedicated Global Job Placement Cell
